

# ActivityInfo for Rapid Response Mechanisms & Emergency Response monitoring

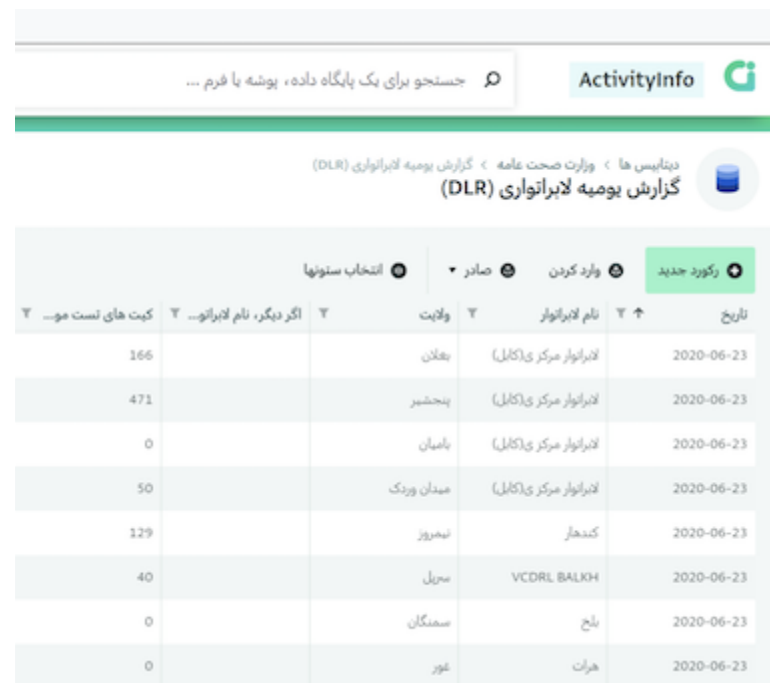

Map in ActivityInfo

## Why?

- Get started quickly with a system that is quick to deploy and easy to learn: no installations, servers or technical consultants needed.
- Support for fast and flexible procurement to start using the software from the first day.
- Improve reporting coordination and get consistent data of high quality by and for donors, implementing partners and agencies.
- Secure system based on best practices, trusted by the UN, INGOS and NGOs worldwide.
- Supported by a team with 10+ years of experience in information management systems.

## What?

- Real-time overview of data
- Advanced control on users and data
- Offline, online, mobile and desktop data collection
- Powerful API & integrations
- Built-in tools for consistent reporting (importer, geodatabase, locks & rules)
- Collection links for crowdsourcing and anonymous surveys

The screenshot shows the ActivityInfo web interface. At the top, there is a search bar with the text "جستجو برای یک پایگاه داده، پوشه یا فرم ...". To the right of the search bar is the "ActivityInfo" logo. Below the search bar, there is a header section with the text "دنیایس ها > وزارت صحت عامه > گزارش یومیه لایراتواری (DLR)" and "گزارش یومیه لایراتواری (DLR)". Below the header, there is a table with the following columns: "ناربخ", "نام لایراتواری", "ولایت", "اگر دیگر، نام لایراتواری...", "کیت های نسبت مو...", "انتخاب ستونها", "وارد کردن", "صادر", and "رکورد جدید". The table contains several rows of data, including dates like "2020-06-23" and names like "لایراتواری مرکزی (کابل)", "پنجشیر", "بامیان", "میدان وردک", "کندهار", "VCDRL BALKH", "سمنگان", and "غور".

ناربخ	نام لایراتواری	ولایت	اگر دیگر، نام لایراتواری...	کیت های نسبت مو...	انتخاب ستونها	وارد کردن	صادر	رکورد جدید
2020-06-23	لایراتواری مرکزی (کابل)	پنجشیر		166				
2020-06-23	لایراتواری مرکزی (کابل)	پنجشیر		471				
2020-06-23	لایراتواری مرکزی (کابل)	بامیان		0				
2020-06-23	لایراتواری مرکزی (کابل)	میدان وردک		50				
2020-06-23	کندهار	نیمروز		129				
2020-06-23	VCDRL BALKH	سمنگان		40				
2020-06-23	ناربخ	سمنگان		0				
2020-06-23	هرات	غور		0				

## Examples of ActivityInfo use

**RRM Central African Republic:** REACH Initiative and UNICEF use the platform as a centralized repository and reference point for the RRM developments in the country from day to day and from year to year. [Read the Case Study.](#)

**RRMP Democratic Republic of Congo:** Over a decade ago, UNICEF started using the platform to get comprehensive overviews, plan ahead, detect and reconsider overestimated goals during the RRMP. [Read the Case Study.](#)

**COVID-19 Response in Afghanistan:** With the support of the Aga Khan Agency for Habitat, Afghanistan, the quick deployment of ActivityInfo helped officers quickly handle the abundance of information arriving from multiple sources and facilitated the data management and monitoring of the COVID-19 response in the country. ## Procurement & next steps

Thanks to the **Global Framework Agreement between UNHCR and ActivityInfo**, offices can directly raise a Purchase Order for a customized Subscription Plan to ActivityInfo. We are happy to extend the same terms of the Frame Agreement to the UN Secretariat and to UN Technical Agencies. This makes the procurement process simpler and quicker. In most cases, other UN Agencies can use the terms of Frame Agreement to procure ActivityInfo through a streamlined process.
